PAGE 1 OF 2

The Les Cheneaux Arts Council Scholarship Fund is designed to provide funds to local high school students pursuing educational opportunities in the arts, including music, writing and the visual arts. These opportunities could include post secondary education or general arts classes. For example, if a student wanted to take a writing class or a wood working class, he or she could apply for a scholarship. Another example would be a student pursuing an arts related curriculum at the college level. All area students are eligible.
